

Low Pressure Sewer Systems:

- Complete Design Assistance and Engineering
- Cost Savings Analysis
- Gravity System Retrofits
- Complete E-One LPS Systems and Design Packages

Pumps:

- Submersible & Dry Pit Non-Clogs from 1/2 to 1200HP
- Submersible Effluent Pumps
- Grinder Pumps to 15HP
- Booster Pumps
- High Temp & Corrosion Resistant Pumps
- Extreme Duty Cutter Pumps
- Vortex Impellers
- Self Priming Pumps/Pump Skids/Fiberglass Pump Houses
- Vertical Turbines
- End Suction/Split Case/Ansi Pumps
- Fire Pumps
- Diesel & Electric Bypass Pumps, Skid or DOT Trailer Mounted

Controls:

- Simplex/Duplex/Triplex Controllers
- Cellular Monitoring and Control Solutions
- Submersible Stainless/Ceramic Transducers
- UltraSonic and Doppler Flow Meters
- Clamp on Flow Meters
- Ultrasonic Level Control
- Stainless/Mercury/Mechanical Float Switches
- Custom Built Panels
- UL Listed

Service:

- Pump Removal/Installation
- Grinder Pump Repair/Rebuilds
- Self Primer Repair/Rebuilds
- Non-Clog Repairs/Rebuilds
- Panel Restorations, Repairs, and Installation
- SCADA Integration/Component Upgrades
- Water Well Panel Controls Repairs/Upgrades
- Bypass Pump Repairs/Maintenance
